

REGENTS' MEETING

THE BOARD MET AT ST. JOSEPH THURSDAY IN BUSINESS SESSION.

HADLEY AT DEDICATION

The Governor Will Be Secured for Address—Marshall and Sureties Sued on Bond.

A meeting of the board of regents of the State Normal school was held in St. Joseph Thursday to take up several important matters. Members of the board in attendance at the meeting were W. A. Blagg, Maryville; O. P. Williams, Plattsburg; W. F. Rankin, Tarkio; W. G. Hine, Savannah, and J. D. O'Brien, St. Joseph. H. J. Hughes of Trenton, and State Superintendent Evans of Jefferson City were not able to attend. President Taylor of the Normal and Registrar Rickenbrode were present at the meeting.

The regents issued certificates and life diplomas to the graduates of the summer term which has just closed. These graduates will be credited to the class of 1912, as the school year now extends from June to June.

As the building is completed and nearly all the furniture installed, the board decided that the dedication exercises be held in the latter part of October or the first of November. The matter was, however, left in the hands of President Taylor.

Governor Hadley will be secured for the main address at the dedication exercises. There will also be many other noted speakers. President Taylor intends to make the affair one that will be long remembered in the history of the school.

An addition of a second boiler to the heating plant of the school will be put in soon, as steps were taken at the meeting Thursday.

A water plug is to be put in near the Normal building for fire protection to the school.

The board directed that steps be taken and a suit instituted against D. E. Marshall & Co. and the bonding company. Marshall had the contract for the construction of the school building, and gave it up several months ago. Some of the work done in the building was not up to specifications and plans and some of it was done over this summer. As Marshall did not come up to his contract he and the surety company will have to stand good for the payment of the work done over. Cook, Cummins & Dawson are the attorneys for the board of regents in this matter.

The fall term of the school opens September 6, and a large enrollment is expected.

ELMO TO HAVE ELECTION ON SEPTEMBER 5

Elmo will have an election on Tuesday, September 5, for the purpose of either granting or rejecting a franchise to the Elmo Improvement and Business company for the erection and operation of an electric light plant for Elmo for a term of ten years.

An electric light plant was installed in Elmo recently by two promoters, T. A. Long and W. H. Henshaw. Some \$2,000 or so was spent and Elmo had electric lights for a time. But the promoters had borrowed all the money they could from individuals, and the promoters left. So action was brought against them and several of the citizens of Elmo who loaned money to the promoters owned the light plant.

I. O. O. F. CONCLAVE

TO BE HELD AT BURLINGTON JUNCTION ON SEPTEMBER 4.

BE BIG EVENT FOR LODGE

Good Speakers Are Secured and the Affair Promises to Be a Successful One for Odd Fellowship.

The I. O. O. F. conclave to be held in Burlington Junction on Labor day, September 4, promises to be a great success this year. Nodaway, Atchison, Holt and Gentry county Odd Fellows will take part in the meeting. The committee on speakers for the occasion have been successful in securing some noted Odd Fellows, who will deliver addresses. Deputy Grand Master Rev. A. Sterling of Smithton, Grand Warden Henry A. Hamilton, Grand Instructor Morris Pritchell, Mrs. Ionia M. Sullivan of Kansas City, state president of the Rebekah assembly, and Mrs. Myrtle Ennis of Kansas City have already been secured for speeches.

J. H. Bryant of Burlington Junction is grand master of the Odd Fellows, and he will be master of ceremonies. The Burlington Junction Post in this week's issue says:

In response to the invitations and advertising matter sent out, letters are coming in from every part of the four counties interested, saying that each lodge will be represented with a big delegation—some are planning for special trains. This is not only true of the lodges in the conclave territory, but a number of lodges from our neighboring state of Iowa have written that they are coming in full force. The great success of the meeting last year (under very unfavorable weather conditions) has created an interest that will bring immense crowds from every direction. If Monday, September 4th, is a fair day, Burlington Junction will have one of the biggest crowds ever seen at this place since our first Fourth of July celebration—the record breaker of all crowds ever assembled in the Nodaway valley.

Picnic a Great Success.

The picnic by the First Baptist church Sunday school at the country home of Mr. and Mrs. John C. White, northwest of Maryville, Thursday, was attended by over two hundred members of the church and school, and a more enjoyable day could scarcely be imagined. The primary department was chaperoned by Miss Bernice Sheridan and Miss Gussie Spickerman, the intermediate department was under the chaperonage of Miss Myra Hull and Mrs. Frank Armstrong, and the adult department was held in check only fairly well by Mr. Clark Andrews and Mr. Charles Hyslop. Swings were hung for the enjoyment of the children and croquet, base ball and various other games were the amusements—in fact, there was something doing all the time. The dinner was fine and there was more than enough for all. In the "tag-of-war" game the women and girls completely overwhelmed their opponents. The base ball game between the Tigers and Wolves was the main attraction, however, the Tigers winning by a score of 5 to 2. The game was umpired by Mrs. H. L. Raines and Harry Holmes, and everybody agreed that they were the best ever. The battery work of Mrs. John H. Anderson and Mrs. Eugene Ogden is highly commented on. Mrs. Anderson hit a three-bagger once, but her excitement was so great over her feat that she only got to first base. Mrs. Ogden fanned a good many times, but she made one hit that would have enabled Mrs. Anderson to make a home run, but she was so charmed by the sight of the long high strike that she forgot to run. The lineup was: Tigers—Lee Schaub, catcher; Harold Wiles, pitcher; Virgil Borrusch, first base; Harry Allen, second base; Norton Harrel, third base; Dean Everhart, right field; Charles Schaub, center field; Fay Allen, left field.

REV. HOMER COOK HAS MANSFIELD'S OLD RING

(Kansas City Star.)

The Rev. Homer M. Cook, 3105 Tracy avenue, has a ring that, if it could speak, could tell an interesting story. It was once the property of Richard Mansfield. Mr. Cook obtained it from a hotel manager in Maryville, Mo., a short time ago; the hotel manager had obtained it from a guest, who said he had purchased it at a pawnshop in a small town in Kansas. None of the purchasers knew the story of the ring, nor knew the original owner.

Mr. Cook bought it simply because he is interested in curious rings, and he did not learn who the owner had been until he casually showed it to W. J. Gurney, a jeweler at 115 East Eleventh street. Singularly enough, Mr. Gurney had a gum cast of the ring furnished by the man who designed the ring for Mansfield, George Krieke, a designer in the Missouri building.

Mr. Krieke, who designed the ring while working in Chicago, said that it originally contained a \$10,000 ruby. It is a large gold ring with a Masonic emblem, and now contains a sapphire in place of the ruby. The emblem on the ring is the representation of a door to a temple. On each side are the five columns, Tuscan, Doric, Ionic, Corinthian, Composite. The mounting alone is worth \$100. Mr. Gurney said. Between the columns are the colors green, red, blue and white. Mr. Cook gave the hotel keeper \$50 for the ring, and was told that it had been left at the hotel by a traveling salesman several years before. All efforts of the hotel keeper to find the owner failed.

Mr. Cook was surprised to learn who had been the owner of the ring, and is now trying to learn how it ever got out of Mansfield's possession.

Everybody there was a dandy base ball fan and the players got all the encouragement they wanted. No "pep" was needed.

During the dinner hour the literary part of the day's program came off. It was a debate between G. B. Holmes, Sr., and Rev. Harrel as to whether Dr. Cook or Peary discovered the north pole. Communications

Editor Democrat-Forum: Your article, "The Other Side," has some rather strange statements in it. The Times-Star says that the plant cost the city three million dollars. That in sixteen years the city has redeemed \$5,000,000 in water bonds, and the present outstanding bonded debt of the plant is \$3,983,000. That is \$5,983,000 more than the plant's original cost, sixteen years ago. At this rate when will the plant be paid for, and how many more millions will the plant cost before it is paid for? Again, are the people getting water any cheaper now than they were before? What is the difference between a minimum charge of \$1 and a charge of 70 cents, plus 1½ mills tax for the same amount of water? Thirty cents a month would be \$3.60 a year. The chances are that the 1½ mills tax would amount to more than that to the average taxpayer.

As to Omaha, several questions might be asked. First, why did the people of Omaha elect such a man as J. C. Dahlman for mayor?

Second, why did Omaha defeat municipal ownership about one month ago?

Third, why did she vote on the proposition so soon again?

Fourth, out of a voting population of about 25,000, why did only about 8,000 voters cast their ballots?

Who knows how the other 17,000 would have voted? Not quite so unanimous as it appears.

DON'T PULL OUT THE GRAY HAIRS

A Few Applications of a Simple
Remedy Will Bring Back
the Natural Color.

"Pull out one gray hair and a dozen will take its place" is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that Nature needs assistance. It is Nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair-restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea" which our grandparents used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special Agent, Koch Pharmacy.

FREE SAMPLE CURED OLD PERSON'S BOWEL TROUBLE

One of the most remarkable proofs of the unusual laxative merit contained in Dr. Caldwell's Syrup Pepsin is that it is effective not only in people in the prime of life, but at the extremes of ages. As many letters are received from mothers regarding the cures of children, as from men and women of sixty, seventy and eighty years of age. It must be truly a wonderful laxative.

In the cure of constipation and bowel trouble in old people it has no equal. It corrects the constipation, dispels the headache, biliousness, gas, drowsiness after eating, etc. People advancing in years should see to it that their bowels move freely, and if they do not to take Dr. Caldwell's

Syrup Pepsin. You can prolong your life by healthy bowel action. Clogged bowels invite disease. Women about to pass the menstrual period cannot do better than use Syrup Pepsin several times a week until the system has settled to its future condition.

Among the strongest supporters of Dr. Caldwell's Syrup Pepsin are Mr. W. G. Zorn of New Decatur, Ala., and Mr. George S. Spaulding of the National Soldiers' Home, Kansas, both elderly men. The regular size bottles can be bought of any druggist at fifty cents and one dollar, but a free sample bottle can be had by sending your address to the doctor.

Address him Dr. W. B. Caldwell, 541 Caldwell building, Monticello, Ill.

TARIFF TALK IN CONFERENCE

Joint Committee Holds Meeting and Goes Over All Bills.

AGREEMENT ON THE FREE LIST

Senator La Follette and Representative Underwood Said to Have Come to an Understanding—Republicans Will Stand by Taft.

Washington, Aug. 11.—The subcommittee in charge of the wool revision bill having failed to reach an agreement, all the conferees met today to again consider the entire tariff situation.

Mr. Underwood's statement that virtual agreement has been reached on the free list bill and the calling of the full ways and means committee in special meeting was interpreted by many Democrats to mean that Mr. Underwood is ready to present a form of free list agreement that can be quickly consummated with Senator La Follette, provided the committee authorizes it.

When Senator La Follette and Representative Underwood failed to reach an agreement they asked for a meeting of the full conference committee at which it was stated the entire situation with reference to the tariff would be considered.

The report gained rapid circulation that Mr. La Follette and Mr. Underwood had practically reached an understanding on the basis of a 30 per cent duty on raw wool, with corresponding rates on wool manufactures. Senator La Follette, however, contradicted this statement in positive language.

Mr. Underwood said the conference had "talked out the free list bill." "I think we will have no difficulty in arriving at an agreement on that measure," he added.

Leaders Will Stand by Taft.

Republican leaders of the senate and house flocked to the White House to inform President Taft that they would fight to the last ditch before they allowed either the senate or house to pass any measure over the presidential veto. "We do not propose to let any attempt at making laws over the head of the president go through without a fight," said Republican Whip John Dwight. Senator Murray Crane of Massachusetts backed up this statement.

Apparently convinced that there is no prospect of an adjournment of congress soon, President Taft left for a second week-end trip to Beverly, Mass.

Statehood Bill Ready for Veto.

The bill admitting Arizona and New Mexico to statehood passed its last legislative stage when the house agreed to the minor senate amendments to the measure. The bill now goes to President Taft, who, it is expected, will veto it.

ZIONIST CONGRESS MEETS

David Wolffsohn, Leader of Movement, Decides to Retire.

Basel, Switzerland, Aug. 11.—The tenth Zionist congress opened at the city casino with 500 delegates, representing nearly every part of the globe, taking part and some 2,000 spectators in the galleries. David Wolffsohn of Cologne, the president, reviewed the immense progress of the Zionist movement despite the great obstacles of the opposition.

Max Nordau followed with an address depicting in darkest tints the present situation of the Jews in eastern Europe. The Zionist hope is the hope of these Jews who wish to live.

David Wolffsohn, leader of the Zionist movement since the death of the founder, Theodore Hertzl, has decided to retire because of ill health. Prof. Otto Warburg of Berlin, a kinsman of Jacob P. Schiff, the New York banker, may succeed to this office. Herr Wolffsohn presided at the opening of the tenth Zionist conference here.

RAPS MONETARY COMMISSION

Mr. Cummins Says It Is Retreat for Lane Ducks.

Washington, Aug. 11.—The alleged extravagance of the national monetary commission was arraigned in the senate by Cummins of Iowa.

"The commission," he charged, "has become a place for men who have lost favor with their constituents and have been defeated at the polls."

Senator Burton declared that in his opinion the National City company, formed by the National City bank of New York, for the reported purpose of holding bank stocks, was contrary to law and not according to the national welfare. If it were held to be legal, he said, he would introduce a bill to make such companies illegal.

Bryan Asks Explanation.

Lincoln, Aug. 10.—In a letter written to the World-Herald of Omaha in regard to the recent attack of Congressman Underwood upon W. J. Bryan, the latter asserts that his information as to the actions of the Democratic floor leader came exclusively from the news columns of that paper and asks the proprietors thereof to explain to its readers whether or not its Washington dispatch was correct.

DIVIDES COUNTRY INTO RATE ZONES

Formal Order in Pacific Coast Freight Tariff Cases Issued.

MATERIAL REDUCTION IS MADE

New Rates Are to Be Made Effective by Nov. 15—United States Is Divided Into Five Zones or Districts—Limits Placed on Charges.

Washington, Aug. 11.—Formal orders in the Pacific coast freight rate cases supplementing the decisions rendered two weeks ago, were issued by the interstate commerce commission. Material reductions in both class and commodity freight rates are made from Atlantic coast points of origin to inter-Rocky mountain cities—and others similarly situated—although the carriers are permitted on account of water competition to exact rates somewhat less to Pacific coast terminals than to the intermediate points.

The orders just issued define explicitly the rates indicated in the opinions as reasonable and require the carriers engaged in transcontinental traffic to establish the rates fixed by the commission on or before November 15, 1911. To insure an equitable and convenient disposition of all cases which involve a construction of the long and short haul provisions of the law, the commission divides the United States into five zones, described as follows:

Zone 1—All territory lying west of a line called line No. 1, which extends in a general southerly direction from a point immediately east of Grand Portage, Minn., southwesterly, along the western shore of Lake Superior, to a point immediately east of Superior, Wis., thence southerly to the intersection of the Arkansas and Oklahoma state lines; thence along the Kansas City Southern to the Gulf of Mexico.

Zone 2—All territory lying east of line No. 1 and west of a line called line No. 2, which begins at the Canadian boundary immediately west of Cockburn Island, in Lake Huron, passes westerly through the straits of Mackinaw, southerly through Lake Michigan, to Paducah, Ky., thence southerly to the Gulf of Mexico.

Zone 3—All territory lying west of line No. 2 and north of a line extending from Norfolk, Va., to Paducah, Ky., and west of line No. 3 from Buffalo, N. Y., to Wheeling, W. Va., and thence along the Ohio river to Huntington, W. Va.

Zone 4—All territory east of line No. 3 and north of the Norfolk-Paducah line.

Zone 5—All territory lying south of Norfolk-Paducah line and east of the Mobile and Ohio railroad, known as the southeastern territory.

The railways are not permitted to exact higher commodity charges from points in Zone 1 to intermediate points than to Pacific coast terminals. From points in Zone 2 permission is granted to charge commodity rates to points intermediate to Pacific terminals, 7 per cent higher than to the terminals; from Zone 3, 15 per cent higher, and from Zone 4, 25 per cent higher. No order is made as to the rates from Zone 5.

WOMAN MUST SERVE TERM

Court at Iola, Kan., Refuses to Change Decree in Case of Mrs. Reese.

Iola, Kan., Aug. 11.—"It was the sake of the welfare of the boys of Iola that I decreed that Mrs. Ella Reese should go to the rock pile, and I positively will not back down from that decree," declared Judge Smeltzer of the Iola municipal court. Mrs. Reese remained in jail where Judge Smeltzer declared she should remain until she is willing to work out her fine on the street with men prisoners.

"While the flood gates of sympathy are loosened in behalf of the woman," Judge Smeltzer said, "it should be remembered there is another side to the case. With tears streaming down her cheeks the mother of a boy entered my office the other night. 'Where is my boy, judge?' she said. 'They told me you've got him.'"

"I pointed to the jail and told the mother that her boy was in a cell with several others. I believe Mrs. Reese lured these boys into trouble. I wish her offense were a felony and she could be sent to prison."

Dear Amy:-

I didn't think I needed any furniture, but I got an invitation from the leading reliable furniture store in town to "just come in and look around."

I went and was so tempted by the beautiful, serviceable new things I saw, that I bought a whole wagon load.

The prices were so reasonable and the things so pretty that I just couldn't help it. I got a nice, new, little chair for Baby John; he's so destructive.

REV. HOMER COOK HAS MANSFIELD'S OLD RING

(Kansas City Star.)

The Rev. Homer M. Cook, 3105 Tracy avenue, has a ring that, if it could speak, could tell an interesting story. It was once the property of Richard Mansfield. Mr. Cook obtained it from a hotel manager in Maryville, Mo., a short time ago; the hotel manager had obtained it from a guest, who said he had purchased it at a pawnshop in a small town in Kansas. None of the purchasers knew the story of the ring, nor knew the original owner.

Mr. Cook bought it simply because he is interested in curious rings, and he did not learn who the owner had been until he casually showed it to W. J. Gurney, a jeweler at 115 East Eleventh street. Singularly enough, Mr. Gurney had a gum cast of the ring furnished by the man who designed the ring for Mansfield, George Krieke, a designer in the Missouri building.

Mr. Krieke, who designed the ring while working in Chicago, said that it originally contained a \$10,000 ruby. It is a large gold ring with a Masonic emblem, and now contains a sapphire in place of the ruby. The emblem on the ring is the representation of a door to a temple. On each side are the five columns, Tuscan, Doric, Ionic, Corinthian, Composite. The mounting alone is worth \$100. Mr. Gurney said. Between the columns are the colors green, red, blue and white. Mr. Cook gave the hotel keeper \$50 for the ring, and was told that it had been left at the hotel by a traveling salesman several years before. All efforts of the hotel keeper to find the owner failed.

Mr. Cook was surprised to learn who had been the owner of the ring, and is now trying to learn how it ever got out of Mansfield's possession.

Communications

Editor Democrat-Forum: Your article, "The Other Side," has some rather strange statements in it. The Times-Star says that the plant cost the city three million dollars. That in sixteen years the city has redeemed \$5,000,000 in water bonds, and the present outstanding bonded debt of the plant is \$3,983,000. That is \$5,983,000 more than the plant's original cost, sixteen years ago. At this rate when will the plant be paid for, and how many more millions will the plant cost before it is paid for? Again, are the people getting water any cheaper now than they were before? What is the difference between a minimum charge of \$1 and a charge of 70 cents, plus 1½ mills tax for the same amount of water? Thirty cents a month would be \$3.60 a year. The chances are that the 1½ mills tax would amount to more than that to the average taxpayer.

As to Omaha, several questions might be asked. First, why did the people of Omaha elect such a man as J. C. Dahlman for mayor?

Second, why did Omaha defeat municipal ownership about one month ago?

Third, why did she vote on the proposition so soon again?

Fourth, out of a voting population of about 25,000, why did only about 8,000 voters cast their ballots?

Who knows how the other 17,000 would have voted? Not quite so unanimous as it appears.

DON'T PULL OUT THE GRAY HAIRS

A Few Applications of a Simple Remedy Will Bring Back the Natural Color.

"Pull out one gray hair and a dozen will take its place" is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that Nature needs assistance. It is Nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair-restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea" which our grandfathers used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special Agent, Koch Pharmacy.

FREE SAMPLE CURED OLD PERSON'S BOWEL TROUBLE

One of the most remarkable proofs of the unusual laxative merit contained in Dr. Caldwell's Syrup Pepsin is that it is effective not only in people in the prime of life, but at the extremes of ages. As many letters are received from mothers regarding the cures of children, as from men and women of sixty, seventy and eighty years of age. It must be truly a wonderful laxative.

In the cure of constipation and bowel trouble in old people it has no equal. It corrects the constipation, dispels the headache, biliousness, gas, drowsiness after eating, etc. People advancing in years should see to it that their bowels move freely, and if they do not to take Dr. Caldwell's

Syrup Pepsin. You can prolong your life by healthy bowel action. Clogged bowels invite disease. Women about to pass the menstrual period cannot do better than use Syrup Pepsin several times a week until the system has settled to its future condition.

Among the strongest supporters of Dr. Caldwell's Syrup Pepsin are Mr. W. G. Zorn of New Decatur, Ala., and Mr. George S. Spaulding of the National Soldiers' Home, Kansas, both elderly men. The regular size bottles can be bought of any druggist at fifty cents and one dollar, but a free sample bottle can be had by sending your address to the doctor.

Address him Dr. W. B. Caldwell, 541 Caldwell building, Monticello, Ill.

Dear Amy:-

I didn't think I needed any furniture, but I got an invitation from the leading reliable furniture store in town to "just come in and look around."

I went and was so tempted by the beautiful, serviceable new things I saw, that I bought a whole wagon load.

The prices were so reasonable and the things so pretty that I just couldn't help it. I got a nice, new, little chair for Baby John; he's so destructive.

TARIFF TALK IN CONFERENCE

Joint Committee Holds Meeting and Goes Over All Bills.

AGREEMENT ON THE FREE LIST

Senator La Follette and Representative Underwood Said to Have Come to an Understanding—Republicans Will Stand by Taft.

Washington, Aug. 11.—The subcommittee in charge of the wool revision bill having failed to reach an agreement, all the conferees met today to again consider the entire tariff situation.

Mr. Underwood's statement that virtual agreement has been reached on the free list bill and the calling of the full ways and means committee in special meeting was interpreted by many Democrats to mean that Mr. Underwood is ready to present a form of free list agreement that can be quickly consummated with Senator La Follette, provided the committee authorizes it.

When Senator La Follette and Representative Underwood failed to reach an agreement they asked for a meeting of the full conference committee at which it was stated the entire situation with reference to the tariff would be considered.

The report gained rapid circulation that Mr. La Follette and Mr. Underwood had practically reached an understanding on the basis of a 30 per cent duty on raw wool, with corresponding rates on wool manufactures. Senator La Follette, however, contradicted this statement in positive language.

Mr. Underwood said the conference had "talked out the free list bill." "I think we will have no difficulty in arriving at an agreement on that measure," he added.

Leaders Will Stand by Taft.

Republican leaders of the senate and house flocked to the White House to inform President Taft that they would fight to the last ditch before they allowed either the senate or house to pass any measure over the presidential veto. "We do not propose to let any attempt at making laws over the head of the president go through without a fight," said Republican Whip John Dwight. Senator Murray Crane of Massachusetts backed up this statement.

Apparently convinced that there is no prospect of an adjournment of congress soon, President Taft left for a second week-end trip to Beverly, Mass.

Statehood Bill Ready for Veto.

The bill admitting Arizona and New Mexico to statehood passed its last legislative stage when the house agreed to the minor senate amendments to the measure. The bill now goes to President Taft, who, it is expected, will veto it.

ZIONIST CONGRESS MEETS

David Wolffsohn, Leader of Movement, Decides to Retire.

Basel, Switzerland, Aug. 11.—The tenth Zionist congress opened at the city casino with 500 delegates, representing nearly every part of the globe, taking part and some 2,000 spectators in the galleries. David Wolffsohn of Cologne, the president, reviewed the immense progress of the Zionist movement despite the great obstacles of the opposition.

Max Nordau followed with an address depicting in darkest tints the present situation of the Jews in eastern Europe. The Zionist hope is the hope of those Jews who wish to live.

David Wolffsohn, leader of the Zionist movement since the death of the founder, Theodore Hertzl, has decided to retire because of ill health. Prof. Otto Warburg of Berlin, a kinsman of Jacob P. Schiff, the New York banker, may succeed to this office. Herr Wolffsohn presided at the opening of the tenth Zionist conference here.

RAPS MONETARY COMMISSION

Mr. Cummins Says It Is Retreat for Lane Ducks.

Washington, Aug. 11.—The alleged extravagance of the national monetary commission was arraigned in the senate by Cummins of Iowa.

"The commission," he charged, "has become a place for men who have lost favor with their constituents and have been defeated at the polls."

Senator Burton declared that in his opinion the National City company, formed by the National City bank of New York, for the reported purpose of holding bank stocks, was contrary to law and not according to the national welfare. If it were held to be legal, he said, he would introduce a bill to make such companies illegal.

Bryan Asks Explanation.

Lincoln, Aug. 10.—In a letter written to the World-Herald of Omaha in regard to the recent attack of Congressman Underwood upon W. J. Bryan, the latter asserts that his information as to the actions of the Democratic floor leader came exclusively from the news columns of that paper and asks the proprietors thereof to explain to its readers whether or not its Washington dispatch was correct.

DIVIDES COUNTRY INTO RATE ZONES

Formal Order in Pacific Coast Freight Tariff Cases Issued.

MATERIAL REDUCTION IS MADE

New Rates Are to Be Made Effective by Nov. 15—United States Is Divided Into Five Zones or Districts—Limits Placed on Charges.

Washington, Aug. 11.—Formal orders in the Pacific coast freight rate cases supplementing the decisions rendered two weeks ago, were issued by the interstate commerce commission. Material reductions in both class and commodity freight rates are made from Atlantic coast points of origin to inter-Rocky mountain cities—and others similarly situated—although the carriers are permitted on account of water competition to exact rates somewhat less to Pacific coast terminals than to the intermediate points.

The orders just issued define explicitly the rates indicated in the opinions as reasonable and require the carriers engaged in transcontinental traffic to establish the rates fixed by the commission on or before November 15, 1911. To insure an equitable and convenient disposition of all cases which involve a construction of the long and short haul provisions of the law, the commission divides the United States into five zones, described as follows:

Zone 1—All territory lying west of a line called line No. 1, which extends in a general southerly direction from a point immediately east of Grand Portage, Minn., southwesterly, along the western shore of Lake Superior, to a point immediately east of Superior, Wis., thence southerly to the intersection of the Arkansas and Oklahoma state lines; thence along the Kansas City Southern to the Gulf of Mexico.

Zone 2—All territory lying east of line No. 1 and west of a line called line No. 2, which begins at the Canadian boundary immediately west of Cockburn Island, in Lake Huron, passes westerly through the straits of Mackinaw, southerly through Lake Michigan to Paducah, Ky., thence southerly to the Gulf of Mexico.

Zone 3—All territory lying west of line No. 2 and north of a line extending from Norfolk, Va., to Paducah, Ky., and west of line No. 3 from Buffalo, N. Y., to Wheeling, W. Va., and thence along the Ohio river to Huntington, W. Va.

Zone 4—All territory east of line No. 3 and north of the Norfolk-Paducah line.

Zone 5—All territory lying south of Norfolk-Paducah line and east of the Mobile and Ohio railroad, known as the southeastern territory.

The railways are not permitted to exact higher commodity charges from points in Zone 1 to intermediate points than to Pacific coast terminals. From points in Zone 2 permission is granted to charge commodity rates to points intermediate to Pacific terminals, 7 per cent higher than to the terminals; from Zone 3, 15 per cent higher, and from Zone 4, 25 per cent higher. No order is made as to the rates from Zone 5.

WOMAN MUST SERVE TERM

Court at Iowa, Kan., Refuses to Change Decree in Case of Mrs. Reese.

Iola, Kan., Aug. 11.—"It was the sake of the welfare of the boys of Iola that I decreed that Mrs. Ella Reese should go to the rock pile, and I positively will not back down from that decree," declared Judge Smeltzer of the Iola municipal court. Mrs. Reese remained in jail where Judge Smeltzer declared she should remain until she is willing to work out her fine on the street with men prisoners.

"While the flood gates of sympathy are loosened in behalf of the woman," Judge Smeltzer said, "it should be remembered there is another side to the case. With tears streaming down her cheeks the mother of a boy entered my office the other night. 'Where is my boy, judge?' she said. 'They told me you've got him.'"

"I pointed to the jail and told the mother that her boy was in a cell with several others. I believe Mrs. Reese lured these boys into trouble. I wish her offense were a felony and she could be sent to prison."

Fort Dodge, Ia., Aug. 11.—Fred Wells of Somers, Ia., was instantly killed when the spokes of the right front wheel of his automobile gave way while he was driving twenty-five miles an hour. Wells was thrown out on his head and his neck broken. Four other occupants of the car were hurt but none seriously. A baby in the party was found unhurt twenty feet away.

NO MORE DANDRUFF.

The Koch Pharmacy Sells the Remedy That is Guaranteed to Kill All Dandruff Germs.

Of course you and every intelligent reader of The Democrat-Forum knows that dandruff is caused by a germ.

Dr. Sagerbund, the great French physician, proved this beyond a doubt. In order to rid your scalp of filthy dandruff you must kill the germ. There is a hair dressing called Parisian Sage which is now sold in every town in America, that is guaranteed to eradicate dandruff, stop falling hair, splitting hair and scalp itch in two weeks, or money back.

If you have dandruff get a large 50 cent bottle today and rid yourself of it. Remember that if dandruff germs are not destroyed in time the hair will surely fall out and baldness will follow.

Here's proof of what Parisian Sage has done; it will do more. It is the finest hair grower and hair dressing in the world, and people who use it regularly will never grow bald. Mrs. John Stoner, Evansville, Ind., writes on June 2, 1910:
"I used Parisian Sage and found it very successful; it removes dandruff and gives the hair life. I only used two bottles. I know it is a cure for dandruff."

Large bottles 50 cents at the Koch Pharmacy and druggists everywhere. The girl with the Auburn hair is on every carton.

LORDS ACCEPT VETO MEASURE

Two Years' Struggle Ends in Victory for House of Commons.

POWER IS GREATLY LIMITED.

Prerogative of Lower Chamber of British Parliament Considerably Increased by Success of Its Bill—Commons Vote Themselves Pay.

London, Eng., Aug. 11.—Asquith's government, which claims to represent the democracy of Great Britain, enforced its will upon the peerage by the narrow vote of 131 to 114. By this vote the house of lords decided to accept what the liberals contend is the will of the people and adopted Viscount Morley's motion not to insist upon the lords' amendments to the parliamentary bill. The measure as passed practically limits the power of the house of lords to a two years' suspensory vote and vastly increases the prerogatives of the house of commons.

The great constitutional struggle, which began when the house of lords, nearly two years ago, rejected the budget of David Lloyd-George, chancellor of the exchequer, is ended, for a time at least, and with the greatest chance to Great Britain's working constitution since the passage of the reform bill.

The process of voting consumed nearly an hour and result trembled in the balance until the last moment. The "die hards" mustered greater strength than was anticipated, and the government owes its victory to the votes of between twenty and thirty conservatives who threw in their lot with the liberals to save their own caste from loss of prestige and the king from the necessity of creation of a large number of new peers, from which every one believed he was extremely anxious to be saved. The archbishops of Canterbury and York and nine bishops also lined up with the government, although the ecclesiastical lords generally kept aloof from party questions. The bishops of Bangor and Worcester went with the Halsburyites, the "last ditchers."

The highest ranks of the nobility furnished the fewest supporters of the government.

A radical departure from the principle of gratuitous public service which hitherto has prevailed in the house of commons was provided for when the house, by a vote of 256 to 159, adopted a resolution to pay its members \$2,000 annually for their services.

Mob Rule on London Docks.

London, Aug. 11.—The neighborhood of the docks was practically under mob rule, with the result that there was such a dwindling of food supplies that the metropolis experienced something akin to what might happen if a hostile foreign force should succeed in interrupting Great Britain's trade routes.

Unless good progress is made in the negotiations looking to a settlement of the strike of dock workers, the calling out of troops seems inevitable, as the police are unable to deal with the emergency.

Settle With Coal Porters.

London, Aug. 11.—The trouble with the coal porters was settled at the board of trade conference. The demands of the lightermen and carmen are to be adjusted. Troops at Aldershot were held in readiness throughout the day to proceed to London, if the disturbances continued.

CONGRESSMAN IN TROUBLE

Lafferty Refuses to Run, Though Accused of Insulting Girl.

Washington, Aug. 11.—Representative A. W. Lafferty, progressive Republican of Oregon, declares he is not running away from possible trouble on account of a letter he addressed to a young woman he did not know and which, the father of the young woman says, constituted an insult.

On the contrary, Mr. Lafferty has told the angry father just where his office is and the hours when he can be found there. But the father and his family, including the daughter, have gone on their summer vacation, so the probabilities of an early encounter between the two men are remote.

DEVELOP ALASKA, SAYS ROOSEVELT

Law Needed That Will Act for Benefit of Whole People.

New York, Aug. 11.—Ex-President Theodore Roosevelt has an article entitled "Alaska Again" in the current number of the Outlook. After taking issue with a newspaper statement that during the Roosevelt administration the same course had been pursued as had been pursued later in connection with Controller bay, Mr. Roosevelt discusses some of the general phases of Alaskan development, and adds:

"The government must itself control the development of Alaska, and adopt as the guiding principle the idea of shaping that development in the interest primarily of the people as a whole, the syndicate or other developing agencies, thus receiving benefit only as an incident to conferring it."

"I do not think the task is a very difficult one, if only we, the people, personally and through our representatives, approach it with this purpose clearly in mind, and if we insist that the agents of government act with an understanding of the needs of the people and a resolute purpose to see these needs accomplished, even though it be necessary to override the representatives of the great interests who wish to prevent Alaskan development unless it is shaped primarily to benefit those interests."

DR. DUNLAP ON STAND

Associate Chemist Denies Making Charges Against Dr. Wiley.

Washington, Aug. 11.—Dr. F. L. Dunlap, associate chemist of the department of agriculture, who prepared the memorandum upon which Dr. Harvey W. Wiley was charged with having illegally employed an expert chemist, was a reluctant witness before the house investigating committee. He explained the Rensen case, but denied that he had made formal charges against Dr. Wiley.

Dr. Dunlap said that as he presented the matter to Secretary Wilson it was simply a formal statement of the facts. The unusual procedure of having this memorandum prepared in the offices of Solicitor McCabe of the department instead of in the bureau of chemistry was explained by Dr. Dunlap on the ground that it was "an unusually serious case," and he did not want it discussed in the bureau of chemistry.

Dr. Dunlap said he reported the whole matter verbally to Secretary Wilson and on the latter's suggestion they prepared a written memorandum. The memorandum dated March 28, was written in Solicitor McCabe's office, said Dr. Dunlap.

"Did you not have it prepared in Solicitor McCabe's office to keep it from Dr. Wiley's notice?" asked Attorney Davis.

"No, to keep it from being generally discussed," was the reply.
"Isn't it a fact that you gave Dr. Wiley no chance to explain the case when he was in Washington March 27?"
"That's a fact."

REGENTS' MEETING

THE BOARD MET AT ST. JOSEPH THURSDAY IN BUSINESS SESSION.

HADLEY AT DEDICATION

The Governor Will Be Secured for Address—Marshall and Sureties Sued on Bond.

A meeting of the board of regents of the State Normal school was held in St. Joseph Thursday to take up several important matters. Members of the board in attendance at the meeting were W. A. Blagg, Maryville; O. P. Williams, Plattsburg; W. F. Rankin, Tarkio; W. G. Hine, Savannah, and J. D. O'Brien, St. Joseph. H. J. Hughes of Trenton, and State Superintendent Evans of Jefferson City were not able to attend. President Taylor of the Normal and Registrar Rickenbrode were present at the meeting.

The regents issued certificates and life diplomas to the graduates of the summer term which has just closed. These graduates will be credited to the class of 1912, as the school year now extends from June to June.

As the building is completed and nearly all the furniture installed, the board decided that the dedication exercises be held in the latter part of October or the first of November. The matter was, however, left in the hands of President Taylor.

Governor Hadley will be secured for the main address at the dedication exercises. There will also be many other noted speakers. President Taylor intends to make the affair one that will be long remembered in the history of the school.

An addition of a second boiler to the heating plant of the school will be put in soon, as steps were taken at the meeting Thursday.

A water plug is to be put in near the Normal building for fire protection to the school.

The board directed that steps be taken and a suit instituted against D. E. Marshall & Co. and the bonding company. Marshall had the contract for the construction of the school building, and gave it up several months ago. Some of the work done in the building was not up to specifications and plans and some of it was done over this summer. As Marshall did not come up to his contract he and the surety company will have to stand good for the payment of the work done over. Cook, Cummins & Dawson are the attorneys for the board of regents in this matter.

The fall term of the school opens September 6, and a large enrollment is expected.

COUNTY COURT ADJOURNED TODAY

County court was still in session Friday. County Treasurer Williams making his semi-annual settlement with the court. The court will adjourn this evening, after being in session since the first of the week.

ELMO TO HAVE ELECTION ON SEPTEMBER 5

Elmo will have an election on Tuesday, September 5, for the purpose of either granting or rejecting a franchise to the Elmo Improvement and Business company for the erection and operation of an electric light plant for Elmo for a term of ten years. An electric light plant was installed in Elmo recently by two promoters, T. A. Long and W. H. Henshaw. Some \$2,000 or so was spent and Elmo had electric lights for a time. But the promoters had borrowed all the money they could from individuals, and the promoters left. So action was brought against them and several of the citizens of Elmo who loaned money to the promoters owned the light plant.

I. O. O. F. CONCLAVE

TO BE HELD AT BURLINGTON JUNCTION ON SEPTEMBER 3.

BE BIG EVENT FOR LODGE

Good Speakers Are Secured and the Affair Promises to Be a Successful One for Odd Fellowship.

The I. O. O. F. convocate to be held in Burlington Junction on Labor day, September 4, promises to be a great success this year. Nodaway, Atchison, Holt and Gentry county Odd Fellows will take part in the meeting. The committee on speakers for the occasion have been successful in securing some noted Odd Fellows, who will deliver addresses. Deputy Grand Master Rev. A. Sterling of Smithton, Grand Warden Henry A. Hamilton, Grand Instructor Morris Pritchell, Mrs. Ionia M. Sullivan of Kansas City, state president of the Rebekah assembly, and Mrs. Myrtle Ennis of Kansas City have already been secured for speeches.

J. H. Bryant of Burlington Junction is grand master of the Odd Fellows, and he will be master of ceremonies.

The Burlington Junction Post in this week's issue says:

In response to the invitations and advertising matter sent out, letters are coming in from every part of the four counties interested, saying that each lodge will be represented with a big delegation—some are planning for special trains. This is not only true of the lodges in the convocate territory, but a number of lodges from our neighboring state of Iowa have written that they are coming in full force. The great success of the meeting last year (under very unfavorable weather conditions) has created an interest that will bring immense crowds from every direction. If Monday, September 4th, is a fair day, Burlington Junction will have one of the biggest crowds ever seen at this place since our first Fourth of July celebration—the record breaker of all crowds ever assembled in the Nodaway valley.

Picnic a Great Success.

The picnic by the First Baptist church Sunday school at the country home of Mr. and Mrs. John C. White, northwest of Maryville, Thursday, was attended by over two hundred members of the church and school, and a more enjoyable day could scarcely be imagined. The primary department was chaperoned by Miss Bernice Sheridan and Miss Gussie Spickerman, the intermediate department was under the chaperonage of Miss Myra Hull and Mrs. Frank Armstrong, and the adult department was held in check only fairly well by Mr. Clark Andrews and Mr. Charles Hyslop. Swings were hung for the enjoyment of the children and croquet, base ball and various other games were the amusements—in fact, there was something doing all the time. The dinner was fine and there was more than enough for all. In the "tag-of-war" game the women and girls completely overwhelmed their opponents. The base ball game between the Tigers and Wolves was the main attraction, however, the Tigers winning by a score of 5 to 2. The game was umpired by Mrs. H. L. Raines and Harry Holmes, and everybody agreed that they were the best ever. The battery work of Mrs. John H. Anderson and Mrs. Eugene Ogden is highly commented on. Mrs. Anderson hit a three-bagger once, but her excitement was so great over her feat that she only got to first base. Mrs. Ogden fanned a good many times, but she made one hit that would have enabled Mrs. Anderson to make a home run, but she was so charmed by the sight of the long high strike that she forgot to run. The lineup was: Tigers—Lee Schaub, catcher; Harold Wiles, pitcher; Virgil Borroughs, first base; Harry Allen, second base; Norton Harrel, third base; Dean Everhart, right field; Charles Schaub, center field; Fay Allen, left field. (Continued on page 2.)

Crane's

FREE SAMPLE CURED OLD PERSON'S BOWEL TROUBLE

One of the most remarkable proofs of the unusual laxative merit contained in Dr. Caldwell's Syrup Pepsin is that it is effective not only in people in the prime of life, but at the extremes of ages. As many letters are received from mothers regarding the cures of children, as from men and women of sixty, seventy and eighty years of age. It must be truly a wonderful laxative.

In the cure of constipation and bowel trouble in old people it has no equal. It corrects the constipation, dispels the headache, biliousness, gas, drowsiness after eating, etc. People advancing in years should see to it that their bowels move freely, and if they do not to take Dr. Caldwell's

Syrup Pepsin. You can prolong your life by healthy bowel action. Clogged bowels invite disease. Women about to pass the menstrual period cannot do better than use Syrup Pepsin several times a week until the system has settled to its future condition.

Among the strongest supporters of Dr. Caldwell's Syrup Pepsin are Mr. W. G. Zorn of New Decatur, Ala., and Mr. George S. Spaulding of the National Soldiers' Home, Kansas, both elderly men. The regular size bottles can be bought of any druggist at fifty cents and one dollar, but a free sample bottle can be had by sending your address to the doctor.

Address him Dr. W. B. Caldwell, 541 Caldwell building, Monticello, Ill.

Dear Amy:-

I didn't think I needed any furniture, but I got an invitation from the leading reliable furniture store in town to "just come in and look around."

I went and was so tempted by the beautiful, serviceable new things I saw, that I bought a whole wagon load.

The prices were so reasonable and the things so pretty that I just couldn't help it. I got a nice, new, little chair for Baby John; he's so destructive.

TARIFF TALK IN CONFERENCE

Joint Committee Holds Meeting and Goes Over All Bills.

AGREEMENT ON THE FREE LIST

Senator La Follette and Representative Underwood Said to Have Come to an Understanding—Republicans Will Stand by Taft.

Washington, Aug. 11.—The subcommittee in charge of the wool revision bill having failed to reach an agreement, all the conferees met today to again consider the entire tariff situation.

Mr. Underwood's statement that virtual agreement has been reached on the free list bill and the calling of the full ways and means committee in special meeting was interpreted by many Democrats to mean that Mr. Underwood is ready to present a form of free list agreement that can be quickly consummated with Senator La Follette, provided the committee authorizes it.

When Senator La Follette and Representative Underwood failed to reach an agreement they asked for a meeting of the full conference committee at which it was stated the entire situation with reference to the tariff would be considered.

The report gained rapid circulation that Mr. La Follette and Mr. Underwood had practically reached an understanding on the basis of a 30 per cent duty on raw wool, with corresponding rates on wool manufactures. Senator La Follette, however, contradicted this statement in positive language.

Mr. Underwood said the conference had "talked out the free list bill." "I think we will have no difficulty in arriving at an agreement on that measure," he added.

Leaders Will Stand by Taft.

Republican leaders of the senate and house flocked to the White House to inform President Taft that they would fight to the last ditch before they allowed either the senate or house to pass any measure over the presidential veto. "We do not propose to let any attempt at making laws over the head of the president go through without a fight," said Republican Whip John Dwight. Senator Murray Crane of Massachusetts backed up this statement.

Apparently convinced that there is no prospect of an adjournment of congress soon, President Taft left for a second week-end trip to Beverly, Mass.

Statehood Bill Ready for Veto.

The bill admitting Arizona and New Mexico to statehood passed its last legislative stage when the house agreed to the minor senate amendments to the measure. The bill now goes to President Taft, who, it is expected, will veto it.

ZIONIST CONGRESS MEETS

David Wolffsohn, Leader of Movement, Decides to Retire.

Basel, Switzerland, Aug. 11.—The tenth Zionist congress opened at the city casino with 500 delegates, representing nearly every part of the globe, taking part and some 2,000 spectators in the galleries. David Wolffsohn of Cologne, the president, reviewed the immense progress of the Zionist movement despite the great obstacles of the opposition.

Max Nordau followed with an address depicting in darkest tints the present situation of the Jews in eastern Europe. The Zionist hope is the hope of those Jews who wish to live.

David Wolffsohn, leader of the Zionist movement since the death of the founder, Theodore Hertzl, has decided to retire because of ill health. Prof. Otto Warburg of Berlin, a kinsman of Jacob P. Schiff, the New York banker, may succeed to this office. Herr Wolffsohn presided at the opening of the tenth Zionist conference here.

RAPS MONETARY COMMISSION

Mr. Cummins Says It Is Retreat for Lame Ducks.

Washington, Aug. 11.—The alleged extravagance of the national monetary commission was arraigned in the senate by Cummins of Iowa.

"The commission," he charged, "has become a place for men who have lost favor with their constituents and have been defeated at the polls."

Senator Burton declared that in his opinion the National City bank, formed by the National City bank of New York, for the reported purpose of holding bank stocks, was contrary to law and not according to the national welfare. If it were held to be legal, he said, he would introduce a bill to make such companies illegal.

Bryan Asks Exoneration.

Lincoln, Aug. 10.—In a letter written to the World-Herald of Omaha in regard to the recent attack of Congressman Underwood upon W. J. Bryan, the latter asserts that his information as to the actions of the Democratic floor leader came exclusively from the news columns of that paper and asks the proprietors thereof to explain to its readers whether or not its Washington dispatch was correct.

DIVIDES COUNTRY INTO RATE ZONES

Formal Order in Pacific Coast Freight Tariff Cases Issued.

MATERIAL REDUCTION IS MADE

New Rates Are to Be Made Effective by Nov. 15—United States Is Divided Into Five Zones or Districts—Limits Placed on Charges.

Washington, Aug. 11.—Formal orders in the Pacific coast freight rate cases supplementing the decisions rendered two weeks ago, were issued by the interstate commerce commission. Material reductions in both class and commodity freight rates are made from Atlantic coast points of origin to inter-Rocky mountain cities—and others similarly situated—although the carriers are permitted on account of water competition to exact rates somewhat less to Pacific coast terminals than to the intermediate points.

The orders just issued define explicitly the rates indicated in the opinions as reasonable and require the carriers engaged in transcontinental traffic to establish the rates fixed by the commission on or before November 15, 1911. To insure an equitable and convenient disposition of all cases which involve a construction of the long and short haul provisions of the law, the commission divides the United States into five zones, described as follows:

Zone 1—All territory lying west of a line called line No. 1, which extends in a general southerly direction from a point immediately east of Grand Portage, Minn., southwesterly, along the western shore of Lake Superior, to a point immediately east of Superior, Wis., thence southerly to the intersection of the Arkansas and Oklahoma state lines; thence along the Kansas City Southern to the Gulf of Mexico.

Zone 2—All territory lying east of line No. 1 and west of a line called line No. 2, which begins at the Canadian boundary immediately west of Cockburn Island, in Lake Huron, passes westerly through the straits of Mackinaw, southerly through Lake Michigan to Paducah, Ky., thence southerly to the Gulf of Mexico.

Zone 3—All territory lying west of line No. 2 and north of a line extending from Norfolk, Va., to Paducah, Ky., and west of line No. 3 from Buffalo, N. Y., to Wheeling, W. Va., and thence along the Ohio river to Huntington, W. Va.

Zone 4—All territory east of line No. 3 and north of the Norfolk-Paducah line.

Zone 5—All territory lying south of Norfolk-Paducah line and east of the Mobile and Ohio railroad, known as the southeastern territory.

The railways are not permitted to exact higher commodity charges from points in Zone 1 to intermediate points than to Pacific coast terminals. From points in Zone 2 permission is granted to charge commodity rates to points intermediate to Pacific terminals, 7 per cent higher than to the terminals; from Zone 3, 15 per cent higher, and from Zone 4, 25 per cent higher. No order is made as to the rates from Zone 5.

WOMAN MUST SERVE TERM

Court at Iowa, Kan., Refuses to Change Decree in Case of Mrs. Reese.

Iola, Kan., Aug. 11.—"It was the sake of the welfare of the boys of Iola that I decreed that Mrs. Ella Reese should go to the rock pile, and I positively will not back down from that decree," declared Judge Smeltzer of the Iola municipal court. Mrs. Reese remained in jail where Judge Smeltzer declared she should remain until she is willing to work out her fine on the street with men prisoners.

"While the flood gates of sympathy are loosened in behalf of the woman," Judge Smeltzer said, "it should be remembered there is another side to the case. With tears streaming down her cheeks the mother of a boy entered my office the other night. 'Where is my boy, judge?' she said. 'They told me you've got him.' 'I pointed to the jail and told the mother that her boy was in a cell with several others. I believe Mrs. Reese lured these boys into trouble. I wish her offense were a felony and she could be sent to prison.'"

REV. HOMER COOK HAS MANSFIELD'S OLD RING

(Kansas City Star.)

The Rev. Homer M. Cook, 3105 Tracy avenue, has a ring that, if it could speak, could tell an interesting story. It was once the property of Richard Mansfield. Mr. Cook obtained it from a hotel manager in Maryville, Mo., a short time ago; the hotel manager had obtained it from a guest, who said he had purchased it at a pawnshop in a small town in Kansas. None of the purchasers knew the story of the ring, nor knew the original owner.

Mr. Cook bought it simply because he is interested in curious rings, and he did not learn who the owner had been until he casually showed it to W. J. Gurney, a jeweler at 115 East Eleventh street. Singularly enough, Mr. Gurney had a gum cast of the ring furnished by the man who designed the ring for Mansfield, George Krieke, a designer in the Missouri building.

Mr. Krieke, who designed the ring while working in Chicago, said that it originally contained a \$10,000 ruby. It is a large gold ring with a Masonic emblem, and now contains a sapphire in place of the ruby. The emblem on the ring is the representation of a door to a temple. On each side are the five columns, Tuscan, Doric, Ionic, Corinthian, Composite. The mounting alone is worth \$100 Mr. Gurney said. Between the columns are the colors green, red, blue and white. Mr. Cook gave the hotel keeper \$50 for the ring, and was told that it had been left at the hotel by a traveling salesman several years before. All efforts of the hotel keeper to find the owner failed.

Mr. Cook was surprised to learn who had been the owner of the ring, and is now trying to learn how it ever got out of Mansfield's possession.

Editor Democrat-Forum: Your article, "The Other Side," has some rather strange statements in it. The Times-Star says that the plant cost the city three million dollars. That in sixteen years the city has redeemed \$5,000,000 in water bonds, and the present outstanding bonded debt of the plant is \$3,383,000. That is \$5,983,000 more than the plant's original cost, sixteen years ago. At this rate when will the plant be paid for, and how many more millions will the plant cost before it is paid for? Again, are the people getting water any cheaper now than they were before? What is the difference between a minimum charge of \$1 and a charge of 70 cents, plus 1½ mills tax for the same amount of water? Thirty cents a month would be \$3.60 a year. The chances are that the 1½ mills tax would amount to more than that to the average taxpayer.

As to Omaha, several questions might be asked. First, why did the people of Omaha elect such a man as J. C. Dahlman for mayor?

Second, why did Omaha defeat municipal ownership about one month ago?

Third, why did she vote on the proposition so soon again?

Fourth, out of a voting population of about 25,000, why did only about 8,000 voters cast their ballots?

Who knows how the other 17,000 would have voted? Not quite so unanimous as it appears.

DON'T PULL OUT THE GRAY HAIRS

A Few Applications of a Simple
Remedy Will Bring Back
the Natural Color.

"Pull out one gray hair and a dozen will take its place" is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that Nature needs assistance. It is Nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair-restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea" which our grandparents used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special Agent, Koch Pharmacy.

FREE SAMPLE CURED OLD PERSON'S BOWEL TROUBLE

One of the most remarkable proofs of the unusual laxative merit contained in Dr. Caldwell's Syrup Pepsin is that it is effective not only in people in the prime of life, but at the extremes of ages. As many letters are received from mothers regarding the cures of children, as from men and women of sixty, seventy and eighty years of age. It must be truly a wonderful laxative.

In the cure of constipation and bowel trouble in old people it has no equal. It corrects the constipation, dispels the headache, biliousness, gas, drowsiness after eating, etc. People advancing in years should see to it that their bowels move freely, and if they do not to take Dr. Caldwell's

Syrup Pepsin. You can prolong your life by healthy bowel action. Clogged bowels invite disease. Women about to pass the menstrual period cannot do better than use Syrup Pepsin several times a week until the system has settled to its future condition.

Among the strongest supporters of Dr. Caldwell's Syrup Pepsin are Mr. W. G. Zorn of New Decatur, Ala., and Mr. George S. Spaulding of the National Soldiers' Home, Kansas, both elderly men. The regular size bottles can be bought of any druggist at fifty cents and one dollar, but a free sample bottle can be had by sending your address to the doctor.

Address him Dr. W. B. Caldwell, 541 Caldwell building, Monticello, Ill.

Dear Amy:-

I didn't think I needed any furniture, but I got an invitation from the leading reliable furniture store in town to "just come in and look around."

I went and was so tempted by the beautiful, serviceable new things I saw, that I bought a whole wagon load.

The prices were so reasonable and the things so pretty that I just couldn't help it. I got a nice, new, little chair for Baby John; he's so destructive.

TARIFF TALK IN CONFERENCE

Joint Committee Holds Meeting and Goes Over All Bills.

AGREEMENT ON THE FREE LIST

Senator La Follette and Representative Underwood Said to Have Come to an Understanding—Republicans Will Stand by Taft.

Washington, Aug. 11.—The subcommittee in charge of the wool revision bill having failed to reach an agreement, all the conferees met today to again consider the entire tariff situation.

Mr. Underwood's statement that virtual agreement has been reached on the free list bill and the calling of the full ways and means committee in special meeting was interpreted by many Democrats to mean that Mr. Underwood is ready to present a form of free list agreement that can be quickly consummated with Senator La Follette, provided the committee authorizes it.

When Senator La Follette and Representative Underwood failed to reach an agreement they asked for a meeting of the full conference committee at which it was stated the entire situation with reference to the tariff would be considered.

The report gained rapid circulation that Mr. La Follette and Mr. Underwood had practically reached an understanding on the basis of a 30 per cent duty on raw wool, with corresponding rates on wool manufactures. Senator La Follette, however, contradicted this statement in positive language.

Mr. Underwood said the conference had "talked out the free list bill."

"I think we will have no difficulty in arriving at an agreement on that measure," he added.

Leaders Will Stand by Taft.

Republican leaders of the senate and house flocked to the White House to inform President Taft that they would fight to the last ditch before they allowed either the senate or house to pass any measure over the presidential veto. "We do not propose to let any attempt at making laws over the head of the president go through without a fight," said Republican Whip John Dwight. Senator Murray Crane of Massachusetts backed up this statement.

Apparently convinced that there is no prospect of an adjournment of congress soon, President Taft left for a second weekend trip to Beverly, Mass.

Statehood Bill Ready for Veto.

The bill admitting Arizona and New Mexico to statehood passed its last legislative stage when the house agreed to the minor senate amendments to the measure. The bill now goes to President Taft, who, it is expected, will veto it.

ZIONIST CONGRESS MEETS

David Wolffsohn, Leader of Movement, Decides to Retire.

Basel, Switzerland, Aug. 11.—The tenth Zionist congress opened at the city casino with 500 delegates, representing nearly every part of the globe, taking part and some 2,000 spectators in the galleries. David Wolffsohn of Cologne, the president, reviewed the immense progress of the Zionist movement despite the great obstacles of the opposition.

Max Nordau followed with an address depicting in darkest tints the present situation of the Jews in eastern Europe. The Zionist hope is the hope of those Jews who wish to live.

David Wolffsohn, leader of the Zionist movement since the death of the founder, Theodore Hertzl, has decided to retire because of ill health. Prof. Otto Warburg of Berlin, a kinsman of Jacob P. Schiff, the New York banker, may succeed to this office. Herr Wolffsohn presided at the opening of the tenth Zionist conference here.

RAPS MONETARY COMMISSION

Mr. Cummins Says It Is Retreat for Lame Ducks.

Washington, Aug. 11.—The alleged extravagance of the national monetary commission was arraigned in the senate by Cummins of Iowa.

"The commission," he charged, "has become a place for men who have lost favor with their constituents and have been defeated at the polls."

Senator Burton declared that in his opinion the National City company, formed by the National City bank of New York, for the reported purpose of holding bank stocks, was contrary to law and not according to the national welfare. If it were held to be legal, he said, he would introduce a bill to make such companies illegal.

Bryan Asks Explanation.

Lincoln, Aug. 10.—In a letter written to the World-Herald of Omaha in regard to the recent attack of Congressman Underwood upon W. J. Bryan, the latter asserts that his information as to the actions of the Democratic floor leader came exclusively from the news columns of that paper and asks the proprietors thereof to explain to its readers whether or not its Washington dispatch was correct.

DIVIDES COUNTRY INTO RATE ZONES

Formal Order in Pacific Coast Freight Tariff Cases Issued.

MATERIAL REDUCTION IS MADE

New Rates Are to Be Made Effective by Nov. 15.—United States Is Divided Into Five Zones or Districts—Limits Placed on Charges.

Washington, Aug. 11.—Formal orders in the Pacific coast freight rate cases supplementing the decisions rendered two weeks ago, were issued by the interstate commerce commission. Material reductions in both class and commodity freight rates are made from Atlantic coast points of origin to inter-Rocky mountain cities—and others similarly situated—although the carriers are permitted on account of water competition to exact rates somewhat less to Pacific coast terminals than to the intermediate points.

The orders just issued define explicitly the rates indicated in the opinions as reasonable and require the carriers engaged in transcontinental traffic to establish the rates fixed by the commission on or before November 15, 1911. To insure an equitable and convenient disposition of all cases which involve a construction of the long and short haul provisions of the law, the commission divides the United States into five zones, described as follows:

Zone 1—All territory lying west of a line called line No. 1, which extends in a general southerly direction from a point immediately east of Grand Portage, Minn., southwesterly, along the western shore of Lake Superior, to a point immediately east of Superior, Wis., thence southerly to the intersection of the Arkansas and Oklahoma state lines; thence along the Kansas City Southern to the Gulf of Mexico.

Zone 2—All territory lying east of line No. 1 and west of a line called line No. 2, which begins at the Canadian boundary immediately west of Cockburn Island, in Lake Huron, passes westerly through the straits of Mackinaw, southerly through Lake Michigan to Paducah, Ky., thence southerly to the Gulf of Mexico.

Zone 3—All territory lying west of line No. 2 and north of a line extending from Norfolk, Va., to Paducah, Ky., and west of line No. 3 from Buffalo, N. Y., to Wheeling, W. Va., and thence along the Ohio river to Huntington, W. Va.

Zone 4—All territory east of line No. 3 and north of the Norfolk-Paducah line.

Zone 5—All territory lying south of Norfolk-Paducah line and east of the Mobile and Ohio railroad, known as the southeastern territory.

The railways are not permitted to exact higher commodity charges from points in Zone 1 to intermediate points than to Pacific coast terminals. From points in Zone 2 permission is granted to charge commodity rates to points intermediate to Pacific terminals, 7 per cent higher than to the terminals; from Zone 3, 15 per cent higher, and from Zone 4, 25 per cent higher. No order is made as to the rates from Zone 5.

WOMAN MUST SERVE TERM

Court at Iola, Kan., Refuses to Change Decree in Case of Mrs. Reese.

Iola, Kan., Aug. 11.—"It was the sake of the welfare of the boys of Iola that I decreed that Mrs. Ella Reese should go to the rock pile, and I positively will not back down from that decree," declared Judge Smeltzer of the Iola municipal court. Mrs. Reese remained in jail where Judge Smeltzer declared she should remain until she is willing to work out her fine on the street with men prisoners.

"While the flood gates of sympathy are loosened in behalf of the woman," Judge Smeltzer said, "it should be remembered there is another side to the case. With tears streaming down her cheeks the mother of a boy entered my office the other night. 'Where is my boy, judge?' she said. 'They told me you've got him.'"

"I pointed to the jail and told the mother that her boy was in a cell with several others. I believe Mrs. Reese lured these boys into trouble. I wish her offense were a felony and she could be sent to prison."

NO MORE DANDRUFF.

The Koch Pharmacy Sells the Remedy That is Guaranteed to Kill All Dandruff Germs.

Of course you and every intelligent reader of The Democrat-Forum knows that dandruff is caused by a germ.

Dr. Sagerbund, the great French physician, proved this beyond a doubt. In order to rid your scalp of filthy dandruff you must kill the germ. There is a hair dressing called Parisian Sage which is now sold in every town in America, that is guaranteed to eradicate dandruff, stop falling hair, splitting hair and scalp itch in two weeks, or money back.

If you have dandruff get a large 50 cent bottle today and rid yourself of it. Remember that if dandruff germs are not destroyed in time the hair will surely fall out and baldness will follow.

Here's proof of what Parisian Sage has done; it will do more. It is the finest hair grower and hair dressing in the world, and people who use it regularly will never grow bald. Mrs. John Stoner, Evansville, Ind., writes on June 2, 1910:

"I used Parisian Sage and found it very successful; it removes dandruff and gives the hair life. I only used two bottles. I know it is a cure for dandruff."

Large bottles 50 cents at the Koch Pharmacy and druggists everywhere. The girl with the Auburn hair is on every carton.

LORDS ACCEPT VETO MEASURE

Two Years' Struggle Ends in
Victory for House of Commons.

POWER IS GREATLY LIMITED.

Prerogative of Lower Chamber of
British Parliament Considerably In-
creased by Success of Its Bill—Com-
mons Vote Themselves Pay.

London, Eng., Aug. 11.—Asquith's government, which claims to represent the democracy of Great Britain, enforced its will upon the peerage by the narrow vote of 131 to 114. By this vote the house of lords decided to accept what the liberals contend is the will of the people and adopted Viscount Morley's motion not to insist upon the lords' amendments to the parliamentary bill. The measure as passed practically limits the power of the house of lords to a two years' suspensory vote and vastly increases the prerogatives of the house of commons.

The great constitutional struggle, which began when the house of lords, nearly two years ago, rejected the budget of David Lloyd-George, chancellor of the exchequer, is ended, for a time at least, and with the greatest chance to Great Britain's working constitution since the passage of the reform bill.

The process of voting consumed nearly an hour and result trembled in the balance until the last moment. The "die hards" mustered greater strength than was anticipated, and the government owes its victory to the votes of between twenty and thirty conservatives who threw in their lot with the liberals to save their own caste from loss of prestige and the king from the necessity of creation of a large number of new peers, from which every one believed he was extremely anxious to be saved.

The archbishops of Canterbury and York and nine bishops also lined up with the government, although the ecclesiastical lords generally kept aloof from party questions. The bishops of Bangor and Worcester went with the Haldesburys, the "last ditchers."

The highest ranks of the nobility furnished the fewest supporters of the government.

A radical departure from the principle of gratuitous public service which hitherto has prevailed in the house of commons was provided for when the house, by a vote of 256 to 159, adopted a resolution to pay its members \$2,000 annually for their services.

Mob Rule on London Docks.

London, Aug. 11.—The neighborhood of the docks was practically under mob rule, with the result that there was such a dwindling of food supplies that the metropolis experienced something akin to what might happen if a hostile foreign force should succeed in interrupting Great Britain's trade routes.

Unless good progress is made in the negotiations looking to a settlement of the strike of dock workers, the calling out of troops seems inevitable, as the police are unable to deal with the emergency.

Settle With Coal Porters.

London, Aug. 11.—The trouble with the coal porters was settled at the board of trade conference. The demands of the lightermen and carmen are to be adjusted. Troops at Aldershot were held in readiness throughout the day to proceed to London, if the disturbances continued.

Washington, Aug. 11.—Representative A. W. Lafferty, progressive Republican of Oregon, declares he is not running away from possible trouble on account of a letter he addressed to a young woman he did not know and which, the father of the young woman says, constituted an insult.

On the contrary, Mr. Lafferty has told the angry father just where his office is and the hours when he can be found there. But the father and his family, including the daughter, have gone on their summer vacation, so the probabilities of an early encounter between the two men are remote.

DEVELOP ALASKA, SAYS ROOSEVELT

Law Needed That Will Act for
Benefit of Whole People.

New York, Aug. 11.—Ex-President Theodore Roosevelt has an article entitled "Alaska Again" in the current number of the Outlook. After taking issue with a newspaper statement that during the Roosevelt administration the same course had been pursued as had been pursued later in connection with Controller bay, Mr. Roosevelt discusses some of the general phases of Alaskan development, and adds:

"The government must itself control the development of Alaska, and adopt as the guiding principle the idea of shaping that development in the interest primarily of the people as a whole, the syndicate or other developing agencies, thus receiving benefit only as an incident to conferring it."

"I do not think the task is a very difficult one, if only we, the people, personally and through our representatives, approach it with this purpose clearly in mind, and if we insist that the agents of government act with an understanding of the needs of the people and a resolute purpose to see these needs accomplished, even though it be necessary to override the representatives of the great interests who wish to prevent Alaskan development unless it is shaped primarily to benefit those interests."

DR. DUNLAP ON STAND

Associate Chemist Denies Making
Charges Against Dr. Wiley.

Washington, Aug. 11.—Dr. F. L. Dunlap, associate chemist of the department of agriculture, who prepared the memorandum upon which Dr. Harvey W. Wiley was charged with having illegally employed an expert chemist, was a reluctant witness before the house investigating committee. He explained the Remsen case, but denied that he had made formal charges against Dr. Wiley.

Dr. Dunlap said that as he presented the matter to Secretary Wilson it was simply a formal statement of the facts. The unusual procedure of having this memorandum prepared in the offices of Solicitor McCabe of the department instead of in the bureau of chemistry was explained by Dr. Dunlap on the ground that it was "an unusually serious case," and he did not want it discussed in the bureau of chemistry.

Dr. Dunlap said he reported the whole matter verbally to Secretary Wilson and on the latter's suggestion they prepared a written memorandum. The memorandum dated March 28, was written in Solicitor McCabe's office, said Dr. Dunlap.

"Did you not have it prepared in Solicitor McCabe's office to keep it from Dr. Wiley's notice?" asked Attorney Davis.

"No, to keep it from being generally discussed," was the reply.

"Isn't it a fact that you gave Dr. Wiley no chance to explain the case when he was in Washington March 27?"

"That's a fact."
